1. GOVERNANCE OVERVIEW

- 1.1. These regulations govern the operation of the National Leagues Competitions and all other competitions under the jurisdiction of the National Leagues Committee (NLC). The regulations will be subject to a full review at the end of the season, based on:
 - A. The operation of the National League and the National Cup Competitions
 - B. The Clubs' suggestions for amendments to the Regulations.
- 1.2. The NLC will be responsible for all policy and regulations concerning National League Basketball Club Competitions. The NLC is comprised of representatives of the National League Clubs plus a secretary (the National League Manager) and an independent chair, as laid out in the NLC terms of reference.
- 1.3. The NLC League Manager may take routine day-to-day interpretations of regulations where required and where the regulations and precedent provide a clear set of guidelines for such decision making.
- 1.4. Where time constraints exist the League Manager, and at least two members of the NLC should confer where possible and reach agreement concerning appropriate regulation issues. All decisions made using this special provision will be subject to ratification by a full meeting by the NLC.
- 1.5. The official channel of communication between the League Manager/NLC and a participating club is the Club Secretary/National League Secretary, as nominated on the League Entry form when the club registers for National Competition each season. All correspondence must be typed, e-mail is acceptable. Only correspondence received through this channel will be considered by the NLC.
- 1.6. These regulations form part of the Regulations of Basketball Ireland and should be read in conjunction with them. All Clubs must make themselves aware of the Basketball Ireland Regulations.
- 1.7. For the purpose of National Competitions, a club must be a registered member of Basketball Ireland and a member of their geographical area board. Clubs should have competed in their geographical Area Board for a minimum of two seasons before applying for entry into the national league competitions.
- 1.8. To participate in the competitions mentioned above in 1.1, clubs and individuals are taken to accept these regulations in their entirety.
- 1.9. BI and NLC members shall be given free access to all basketball courts where games under the control of the NLC are played.
- 1.10. The NLC may impose fines in accordance with the schedule of automatic fines. The Committee may impose penalties (such as disciplinary action and/or fines) for breaches of the regulations that have no specified penalty. In circumstances where an increased fine is warranted, through aggravated or repeated action, the committee may impose such fines at its discretion.
- 1.11. The National Leagues Competitions season officially begins on dates agreed and designated by the NLC.
- 1.12. Where interpretation of the regulations is required, the NLC will have the right to exercise its judgement and discretion taking into account the best interests of Basketball in Ireland and of its clubs and/or potential clubs and the interest of the Board of Basketball Ireland and the NLC.

- 1.15. During the season and also on the occasion of matches in the European Championships, selection for the Ireland National Team takes priority over all club commitments, in accordance with Basketball Ireland Regulations. National Team Training has been restricted to specific days to ensure players selected for National Teams can fulfil club fixtures and National Team Training. Fixtures accepted on these designated “national practice” dates are subject to both clubs involved NOT having any player(s) involved with National Team Training Squads, or teams being willing to play without these selected players. If this is not the case, HOME teams may be asked to change the club fixture from Sunday to Saturday (or vice-versa), at their own expense. Further guidelines in relation to National Teams are outlined in Basketball Ireland Regulations.

TROPHIES

All National League Competition trophies will remain the property of the NLC/BI. When the winning clubs have been ascertained, the NLC, or a person nominated by the NLC will present the appropriate trophy to that club, who will then be responsible for its return to BIHQ by the following deadlines:

These competitions are not under the jurisdiction of USA basketball so the players remain under the jurisdiction of Basketball Ireland and the club they were last a member of.

Individual players, who are playing basketball, under the jurisdiction of the US School/College/University systems may not play in National Leagues Competitions although they may be registered and licenced. Players may be eligible to compete on their return, subject to compliance with the regulations.

This request for a Letter of Clearance, (LoC), must be made in writing to BI by the applying club and must confirm the following details:

- A. Previous National Federation, e.g. French, English, Polish
- B. Name of last club played for and season played in.
- C. Full name of player
- D. Player date of birth
- E. Player Nationality

- B. FIBA Self Declaration for Foreign Players, if the player has never previously played for a FIBA club or after playing for a FIBA club has played for an academic institution which does not recognise FIBA Europe Regulations governing the International Transfer of Players and is returning to a FIBA club.

Licensing of players requiring International Clearance and can take up to ten working days as the LoC can take up to seven working days and the licence is issued at the discretion of the NLC/League Manager. The player cannot be licenced until clearance is received.

National League Competition players not eligible to play for Ireland and not holding an Irish passport must pay an additional fee each year as set out in FIBA Europe Regulations and included above in Appendix 3.

Once registered and licenced for a particular season, a player cannot apply to alter their licence category during the course of that season. Thereafter a player cannot alter their licence category.

APPENDIX 7 – League Standing

The League will be decided by a play-off at a venue to be determined by the NLC. If more than two teams finish on level points total, a knockout competition will be conducted with semi-finals being played as required to enable a final play-off game to decide the competition winner. The venue(s) for these games will be decided by the NLC.

FIBA guidelines will apply to determine the final rankings.

Classification Procedure

When teams are tied at the end of all games played in their respective pools (groups) the FIBA guidelines will apply.

D.1.3 If 2 or more teams have the same win-loss record of all games in the group, the game(s) between these 2 or more teams shall decide on the classification. If the 2 or more teams have the same win-loss record of the games between them, further criteria will be applied in the following order:

- Higher points difference of the games between them
- Higher number of points scored in the games between them
- Higher points difference of all games in the group
- Higher number of points scored in all games in the group

If these criteria still cannot decide, a draw shall decide on the classification.

D.1.4 If at any level of these criteria one or more team(s) can be classified, the procedure of D.1.3 shall be repeated from the beginning for all the remaining teams not classified yet.

If a team withdraws or is expelled from the competition, then all games in which the team participated prior to the withdrawal or expulsion will be considered null and void and will not be included in the table.

APPENDIX 8 – Anti-Doping Update

The World Anti-Doping Code came into effect on the 1st of January 2015. From this date Sport Ireland and those who have adopted the Sport Ireland rules must comply with their responsibilities under the new code. Please see below more information with regard to the Anti Doping regulations - See more at: <https://www.sportireland.ie/2015-anti-doping-rules>

PROHIBITED LIST:

The World Anti-Doping Agency (WADA) Prohibited List is an International Standard issued annually by WADA that identifies classes of substances and methods that are prohibited in-competition, out-of-competition, and in particular sports. The Prohibited List is updated annually and can be accessed on the Sport Ireland website <https://www.sportireland.ie/anti-doping/athlete-zone/athlete-zone/prohibited-list> <https://wada-main-prod.s3.amazonaws.com/resources/files/wada-2015-prohibited-list> Clubs and athletes are responsible for updating themselves on changes to this list.

From time to time Sport Ireland will issue advisory notes and these can be found in the "Athlete Zone" on the Sport Ireland website <https://www.sportireland.ie/anti-doping/athlete-zone/athlete-zone>

For queries on the Prohibited List, please contact Sport Ireland at 01-8608829 or Athletes can easily check out what over-the-counter medications, bought in the Republic of Ireland, are prohibited or permitted in sport by checking the 'Drugs in Sport Database' on www.eirpharm.com. Medications bought in Northern Ireland or the UK should be checked on www.globaldro.com.

On checking of these websites, it is seen that a high proportion of cold and flu treatments contain pseudoephedrine e.g. Benylin four Flu, Day Nurse, Nurofen Cold and Flu. Pseudoephedrine is also found in some cough treatments e.g. Robitussin Plus, Benylin Dual Action Chesty. The cough and decongestant medication Casacol is also prohibited in competition. However, please note that Athletes who are required to take a prohibited medication for a legitimate medical reason may apply for a therapeutic use exemption (TUE). Check out <https://www.sportireland.ie/anti-doping/athlete-zone/athlete-zone/therapeutic-use-exemptions> for information on TUE Applications.

Remember athletes selected for doping control must declare the use of all prescribed and over-the-counter medications and supplements taken in the last 14 days pre testing, on the doping control form.

Athletes as requested to remind their GP/Consultant that they are subject to drug testing and their doctor can

check any medications they prescribe in MIMS – a booklet available to all doctors on a monthly basis. Sport Ireland ensures that each monthly edition is updated if there are any changes to the status of a medicine in sport. All prescription medications available in Ireland are listed and each medication is classed as permitted, prohibited (requires a TUE) or requiring declaration.

Once your medication has been checked as outlined above, it can be classed as;

- A. Permitted – athletes do not need to complete a TUE form but should declare the medication on the Doping Control Form at the time of a drug test if taken within the last 14 days
- B. Requires Declaration – athletes do not need to complete a TUE form BUT MUST DECLARE THE MEDICATION ON THE DOPING CONTROL FORM AT THE TIME OF A DRUG TEST IF IT HAS BEEN TAKEN WITHIN THE LAST 14 DAYS.
- C. Requires a TUE – athletes need to check whether they are required to apply for a Pre-test TUE or Post-test TUE (see below for criteria).

PRE-TEST TUE POLICY:

For 2015 the following athletes must apply for a TUE prior to using a Prohibited Substance or Prohibited

Method;

-
- A. All Athletes in the Sport Ireland Registered Testing Pool (ISC RTP)
 - B. Athletes who are part of an International Federation's (IF) Registered Testing Pool and those competing in International Events, as defined by the IF.(i.e. FIBA)
 - C. Athletes who are part of the SI RTP are informed by the SI in writing and advised of the TUE requirements.

Athletes who are not on the SI RTP but are on their IF RTP or are competing in international level events should check with their IF to see what the TUE requirements are. Some IFs publish these details on their websites.

POST-TEST TUE POLICY:

All other Athletes can apply for a TUE retroactively, i.e. if an athlete is tested and the lab reports an Adverse Analytical Finding (AAF), Sport Ireland's Anti-Doping Unit will contact the athlete and request the athlete to submit his/her medical file to the TUE Committee along with a TUE application. All athletes are urged to ensure that their doctor keeps their medical records up to date at all times.

If the Athlete is unable to prove that he/she was using the Prohibited Substance or Prohibited Method for a legitimate therapeutic purpose the AAF will stand and the National Governing Body will start proceedings for a Disciplinary Hearing. If the TUE Committee reviews the medical file and is happy that the athlete was using the Prohibited Substance or Method for a legitimate purpose, the AAF is not pursued and no action is taken against the athlete.

If an athlete is unsure about whether he/she should apply for a TUE in advance, he/she can contact Sport Ireland's Anti-Doping Unit or Basketball Ireland's Anti-Doping Officer, Louise O'Loughlin. Athletes to whom the Post-Test TUE Policy applies may still apply to Sport Ireland for a TUE in advance of using the Prohibited Substance or Method.

DECLARATION OF USE POLICY:

Sport Ireland no longer has a Declaration of Use Form. **All medications and supplements must be declared by the athlete at the time of a test on the Doping Control Form.** This is especially important for athletes using Beta2Agonists and Glucocorticosteroids.

EXISTING ABBREVIATED TUE APPLICATIONS:

TO APPLY FOR A TUE:

If you use a prohibited substance and qualify for TUE you will need to obtain a form from the Basketball Ireland Head Office. This can be done by emailing the Anti-Doping Officer, Harry Doyle to request the form hdoyle@ireland.basketball

All matters in Anti-Doping are received in confidence.
