Any school owing outstanding fees or fines must pay these in full before their registration for the current season will be accepted. *NOTE: If you have basketball teams of the other gender in the school these teams must also register and play with BIPPS. If not any registration becomes null and void and all teams are excluded from BIPPS competitions.*

(ii) League Registration

Forms and fees, including proof of the electronic payment of fees, must be presented to the RO at, or prior to, the regional meeting. Where no such meeting occurs proof of registration and fees must be sent directly to the PPSC Treasurer by the set calendar date.

Schools must comply fully with the required registration procedure as follows:

- Step 1 Register online by at latest the set calendar date via the link provided by the RO and/or PPSC Registrar.
- Step 2 Receive confirmation of your registration and the fees due from the Registrar.
- Step 3 Fully Completed Player Registration Forms must be received by Regional Organisers prior to any games taking place in that competition. 2.2 Team Registration

The PPSC Executive may authorise a Regional Organiser at any time to request written confirmation, which must be signed by the school principal, that a student(s) is registered on the school roll and is currently attending the school in a full time capacity as a student. In this circumstance, until such confirmation is received by the PPSC/ RO, the student(s) cannot participate in any PPSC competition.

Schools can register players to a team by contacting the RO until Regional Finals. There is a deadline of Regional Finals re adding players to any team.
- (iv) Players from other Countries who partake in education for a term or part thereof will be registered as a player under Category X. In order to continue playing the PPSC may require confirmation from the school and Principal in writing at the start of the next term that these students are currently in full time education in the registered school and that they will be continuing their education in said school in that capacity for the remainder of that term/year.
- (v) It is important to note that schools are not considered as registered until all fees (including late fees) are paid in full by the designated dates as set out in the PPSC registration form and/or calendar pertinent to that particular school year. Schools will be removed automatically from competition once these registrations cut off dates are reached and they will undertake no further part in PPSC competitions.

2.4 Responsibilities

- (i) Proof of age or school registration rests with the player, the school and the coach. There is no onus on the PPSC for checking this information. All school contacts must be aware that at any point during the season the eligibility of a player can be queried by the RO and/or PPSC.

9. PPSC CLASSIFICATION PROCEDURE

9.1 Classification Procedure

1. In all competitions with a round-robin system, teams will be classified according to their win-loss record, namely 3 classification points for each game won, 1 classification point for each game lost and 0 classification point for a game lost by forfeit. A forfeit is classified as:
 - A team whose actions are adjudged by the PPSC or its representative such that prevented the game from being played
 - A team that does not turn up to play or refuses to play after being instructed to do so by the PPSC or its representative.
 - In the event that a team arrives at a venue and due to extenuating circumstances – accepted by PPSC – they do not have the required number of players to play a competitive game the following will apply. They will proceed to play a non-competitive game, a loss with a score of 20-0 shall be recorded against them. It will not be classified as a forfeit and the losing team will receive 1 classification point for fulfilling the fixture taking into account the circumstances. The winning team will receive 2 classification points for a win.
 - The PPSC Executive or its representative must be consulted prior to a forfeit being awarded. School Teams or their representatives, or tournament convenors do not have the authority to award games between each other - in any circumstance - without prior consultation and permission granted by the PPSC Executive or its Representative (HSO).
2. If in the regional leagues/playoff tournaments a team forfeits for the second time, that team shall be disqualified from the regional leagues/playoff tournament and the results of all games played by this team shall be nullified.
3. Classification Procedure as follows:

In a scenario where two teams are tied:

If there are two teams tied in this classification the result of the match between the teams involved will be used to determine the placing.

In a scenario where three or more teams are tied:

If three or more teams are tied on classification points the following criteria will be used to determine classification in this order.

- (a) The win-loss results of the game(s) between these three or more teams.

If this does not separate the teams then:

(b) Higher game points difference of the games between them (i.e. points scored less points conceded in the games involving the teams' level on classification points).

If this does not separate the teams then:

(c) Higher number of games points scored in the games between them (i.e. the number of points scored in the games involving the teams' level on classification points).

If at any level of these criteria above one or more team(s) is already classified while some others are not yet classified, then the procedure will be repeated from the beginning for all the remaining teams not yet classified.

If the teams cannot still be classified using the above criteria, then a draw will be used to determine classification. The scores in the games against a team or teams that are not level on classification points will never be used in PPSC Competitions. This is to ensure that weaker teams in competitions are protected.

10. COURT MARKINGS

10.1 Introduction of New Court Markings

- (i) For all Schools' Competitions the new markings, introduced in the FIBA Rules in 2010 are preferable. Where these are in place Schools' Competitions will use the new court markings.

The scorekeeper will keep the actual score but the visible score will remain at a 20-point lead on the scoreboard if maintained. All coaches must abide by this and make their players aware of this 'Fair Play Ruling'. In the event of a team reducing the deficit to less than the 20-point lead, the scoreboard operator will amend the scoreboard to reflect the score in the scorebook.
