BIPPS = Basketball Ireland Post Primary Schools
R&R = Rules and Regulations
RO = Regional Organiser
PPSC = Post Primary Schools Committee (All Regional Organisers)

- (iv) The school's download section on the Basketball Ireland website should be consulted for possible updates or changes to these regulations or calendar of events on a regular basis. If any doubt exists prior to a game about to take place you should seek clarification from the PPSC or your RO.

1.2 Rules and Regulations Overview

- (i) Rules will be reviewed at the end of each season based on the following:
 - The operations of the Schools Competitions throughout the season.
 - Proposals put forward by the Regional Organisers (ROs) and/or the PPSC.
 - Any suggestions for amendments by schools to the R&Rs must arrive with the PPSC, through the relevant RO, on or before May 1st of the current season.

- (v) In addition to these R&Rs schools must also adhere to any regional regulation and deadline as laid down by the Regional Organiser/Regional Committee and approved by the PPSC.
- (vi) These regulations form part of the regulations of Basketball Ireland and should be read in conjunction with them. It is the responsibility of all schools to make themselves aware of the Basketball Ireland Regulations which will be available on www.basketballireland.ie
- (vii) In order for a team to qualify automatically for the All-Ireland Playoffs, the team must have played in a regional competition with a minimum of four teams.

- (iii) Classification Procedure as follows:
- *In a scenario where two teams are tied:* If there are two teams tied in this classification the result of the match between the teams involved will be used to determine the placing.

- *In a scenario where three or more teams are tied:* If three or more teams are tied on classification points the following criteria will be used to determine classification in this order.
 1. The win-loss results of the game(s) between these three or more teams.
If this does not separate the teams then:
 2. Higher game points difference of the games between them (i.e. points scored less points conceded in the games involving the teams' level on classification points).
If this does not separate the teams then:
 3. Higher number of games points scored in the games between them (i.e. the number of points scored in the games involving the teams' level on classification points).

If teams get fully classified at any level the classification ends at that point however if at any level of these criteria above one or more team(s) is already classified while some others are not yet classified, then the procedure will be repeated from the beginning for all the remaining teams not yet classified.

If the teams cannot still be classified using the above criteria, then a draw will be used to determine classification. The scores in the games against a team or teams that are not level on classification points will never be used in PPSC Competitions. This is to ensure that weaker teams in competitions are protected.
